Aimzine
QCA Petition

Last month we reported that the Quoted Companies Alliance (QCA) had written to Alistair Darling, requesting that he set up a working group to design an appropriate structure for equity markets. (Click [here](#) to see the QCA's letter to the Chancellor.) In this connection the QCA has set up a petition on the Number 10 website. If you would like to consider signing the petition please click [here](#). The QCA would be grateful for your support.
